PAINTING WITH A TWIST

Private Parties

SAFE AND SOUND

We're taking extra care to ensure the health and safety of our guests and employees.

Employees will wash and sanitize their own hands continuously throughout their shifts.

Employees and guests are required to wear masks when inside the center. They may be removed when you arrive at your designated lane, and when eating or drinking.

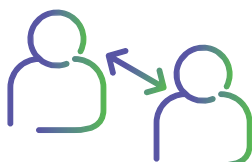

We will conduct temperature checks on all employees prior to working their shift.

Single-use gloves will be available at various stations throughout the entire center for guests who wish to utilize them.

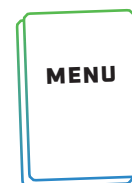

Plexiglass shields have been installed at all registers.

Social distancing stickers have been placed 6' apart on the floor by every register.

Self-service kiosks readily available for those who desire contactless purchase of Airway Fun Cards.

Our menu can be found online using a QR code and is also displayed on the tablets at each bowling lane. Single-use menus can be provided upon request.

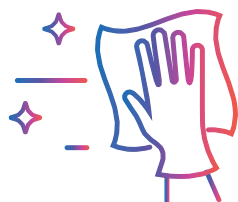

CLEANING PROCEDURES FOR EACH INDIVIDUAL DEPARTMENT:

ARCADE: Arcade games will be sanitized regularly.

ATTRACTIONS: Both indoor and outdoor attractions will undergo a rigorous cleaning process multiple times throughout the day. Mini golf putters and golf balls will be sanitized before and after each use.

BOWLING: Bowling balls should be left at the ball return on your lane after use to allow for proper sanitation. Increased sanitation of bowling balls and shoes before and after each use. Seating area and lane equipment will be sanitized after each group has completed play.

TAPROOM: Bar and eating areas will undergo a new three-step sanitation routine.

ESCAPOLOGY®

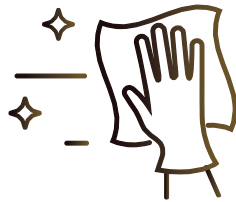

Portage, MI

SAFE AND SOUND

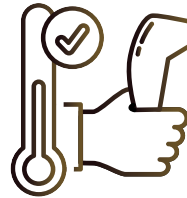

We're taking extra care to ensure the health and safety of our guests and employees.

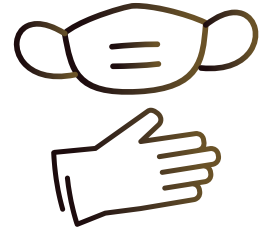

Escape Rooms will only be private, as they always have been. You will only be in an Escape Room with people you know and sign up with.

Each Escape Room will be deep cleaned before and after every play.

We will conduct temperature checks on all employees prior to working their shift.

Employees and guests are required to wear masks. Participants are asked to use a pair of new, single-use gloves supplied onsite.

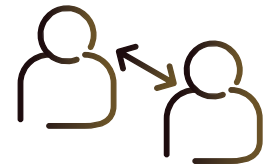

Employees will wash and sanitize their own hands prior to and after each game played.

Games will run exactly on time. We are extending the time between games from 20 min to 30 minutes. This will allow extra time to deep clean in between games.

All trinkets and non essential props both in the lobby and in the games will be removed to limit places of touch.

We will text you 5 minutes prior to your game time to enter the venue. Participants will be asked to not hang out in the venue prior to the game or after the game to promote social distancing and keep everything as clean as possible.

Participants will be given online waivers to fill out prior to coming to the venue instead of onsite.

All bookings will be completed online to limit touch points at the registration desk.

Painting with a Twist®

SAFE AND SOUND

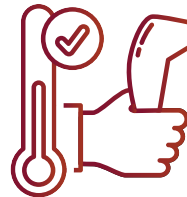

We're taking extra care to ensure the health and safety of our guests and employees.

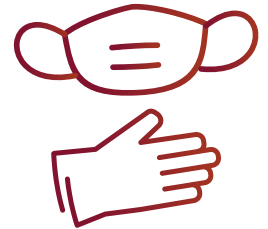

Employees will wash and sanitize their own hands prior to and after each class.

Each studio will be deep cleaned before and after every class.

We will conduct temperature checks on all employees prior to working their shift.

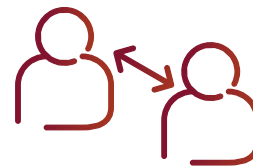

Employees and guests are required to wear masks. Participants are asked to use a pair of new, single-use gloves supplied onsite.

All painting classes will start right on time to allow ample time in between reservations for cleaning.

Reservations will be made online only to limit touch points at the registration desk.

We are offering only private classes at this time to allow for proper social distancing and safety measures.
